ACCESSORIES AVAILABLE

APPROVED CERAMIC TECHNOLOGY

- Premium Ceramic Pools give you a unique proportion of quality and price at a minimum cost of their installing.
- The unique design of the pool walls reinforced with ceramic layer enables us to provide a unique extended warranty for 10 years for the construction of a pool body. It also allows installing the pool to the ballast bed with no necessity of concreting the bottom and side walls which significantly reduces investment in building preparedness for Premium pools.
- Fantastic colours provide, apart from other benefits, an increased resistance to chemicals, mechanical damage and provide a unique smoothness of pool walls which contributes to the minimal demands on their maintenance and cleaning.
- Our belief in the quality of the Premium pools surface was as a bonus transformed into superior 10 - year warranty on the surface of each pool

Trend

Aqua ceramic pool is ideal for great fun in a small space. Its compact design and dimensions make it ideal for smaller houses or for the interior installation. Equipped with counter flow it provides the owner much joy and satisfaction, despite of its small dimensions. Built-in staircase with non-slippery surface together with a security platform around the perimeter and a built-in safety hand rail contribute to the maximum possible security for small and big non-swimmers.

It does not matter whether you need a pool for fun for you and your relatives or you need a pool for an intensive training, Fun pool can make it real. Two well-appointed and comfortable staircases with non-slippery surface allow an installation into all possible areas without any restrictions. The security platform around the perimeter and the handrail at longitudinal sides, these are the benefits of the Fun pool for you and your relatives. Order the Fun pool with an effective counter flow and you have an ideal training area satisfying the most demanding requirements for a family pool.

Your own sea in the garden or in the living room, this is a ceramic pool Trend. Wide and comfortable staircase with a non-slippery surface, this is relax and comfort for you. Length of more than eight meters, it is an area for sports and games. Security platform and hand rail on the longitudinal sides provide a sense of safety and comfort for young and older users. No restrictions in searching for the correct location for installation, this is an ideal shape and dimensions of the Trend pool.
